

Bridgewater Primary School  
PSHE Policy

**At Bridgewater we aim to offer the children a wide, enriching and varied experience of the curriculum for PSHE. To support our Curriculum, we use the Jigsaw Scheme of Work as it adopts an enquiry-based approach to teaching and learning.**

**Aims**

We aim to provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities. In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

**Objectives:**

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

**Curriculum**

Jigsaw brings together PSHE Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike.

There are six Puzzles in Jigsaw that are designed to progress in sequence from September to July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals.

Each Piece has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHE Education but enhanced to address children's needs today); and one is based on emotional literacy and social skills (covering the SEAL learning intentions but also enhanced). The enhancements mean that Jigsaw is relevant to children living in today's world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children's development. This is mapped on each Piece and balanced across each year group.

**Monitoring and Evaluation**

It is the responsibility of the PSHE coordinator to monitor the standards of children's work and the quality of

teaching in PSHE. The coordinator is also responsible for supporting colleagues in their teaching, for being informed about current developments in the subject. The coordinator completes an annual summary report in which the strengths and weaknesses of PSHE are evaluated and indicates areas for further development this can be carried out via the monitoring of teaching, planning, pupil interviews and class books.

### **Assessment, Recoding and Reporting**

Teachers will be eager to ensure children are making progress with their learning throughout their Jigsaw experience. Therefore, each Puzzle (except Puzzle 1) has a built-in assessment task, usually in Piece 5 or 6. This task is the formal opportunity for teacher assessment, but also offers children the chance to assess their own learning and have a conversation with the teacher about their two opinions. The task can usually be used as evidence in the Jigsaw Journal.

### **Inclusion**

Bridgewater Primary School is committed to a policy of equal opportunities for all pupils. Knowledge of PSHE development is an entitlement for all pupils regardless of their own particular belief or ability.

**Teaching Sensitive and Controversial Issues** Sensitive and controversial issues are certain to arise in learning from real-life experience. Teachers will be prepared to handle personal issues arising from the work, to deal sensitively with, and to follow up appropriately, disclosures made in a group or individual setting. Issues that we address that are likely to be sensitive and controversial because they have a political, social or personal impact or deal with values and beliefs include: family lifestyles and values, physical and medical issues, financial issues, bullying and bereavement.

### **Pupil Voice**

The term 'Pupil Voice' describes how pupils give their input to what happens within the school and classroom. Our desire is for pupils to know that their expertise, opinions and ideas are valued in all aspects of school life. Pupil Voice permeates all levels of our work together, from pupils participating in small group classroom conversations to students establishing procedures, events and contributing to the overarching ethos of the school e.g. via the school council.

### **Extra-Curricular Activities**

Personal development is also enriched through a wide range of extra-curricular activities (arts and crafts, cooking, dance, football, tennis etc) which provide opportunities for PSHE, SMSC and for inspiring pupils to broaden their experience and horizons.

### **Links with the wider community including visitors**

- Visitors are welcomed into school.
- The development of a strong home-school link is regarded as very important, enabling parents, teachers and the wider community to work in an effective partnership to make sure that we give our pupils the best possible environment in which to grow, flourish and learn.
- Pupils will be taught to appreciate their local environment and community and to develop a sense of responsibility to it.

### **Review**

This policy will be reviewed annually in line with the school's policy review programme. In light of this, policy amendments may be made.
